Vol. I.

FORM VETERANS' RESERVE FORCE

Secretary of War Has Hit Upon New Plan to Strengthen Military

THE FORCE TOTALS 250,000

All Men Between 35 and 65 Who Have Seen Service Are Included

London, July 7.—A "veteran's reserve force," embracing 250,000 men between the ages of 35 and 65, all of whom have seen military service, is the latest plan of Secretary of War Haldane, who announced today that this addition to the military strength of the nation would be effected with in the next six months.

The idea of the reserve force originated with St. George, a magazine editor, and was immediately adopted by Haldane. To test the temper of the people on the proposition, an appeal was issued to the county of Surrey for all "physically fit" men between the mentioned ages who had seen service in the volunteers, yeomanry, or territorial, to communicate with the War Office. From this small county, there were 2,500 responses. These men were immediately brought together and an inspection of them made.

Secretary Haldane was surprised at the result. He says there were scarcely a dozen out of the 2,500 who did not meet the physical requirements. Other counties are as enthusiastic as Surrey and just as soon as Parliament will make the necessary appropriation to pay for the work of organization the "reserve force" will be a reality.

ONE KILLED AND SIX ARE INJURED

Chemical Explosion Wrecks the Building of Standard Chemical Company

Orillia, Ont., July 7.—One of the Standard Chemical Company's buildings at Lampford Mills was wrecked by an explosion yesterday afternoon and seven were injured, three of them seriously and one fatally. The explosion occurred in the Action building without any cause. The injured are: Messrs. Coughrath, McNaught, John McCauley, Ed. Smith, Wm. Hefflin and Rev. W. H. Smith, a Presbyterian minister.

CANADIAN NAVY PLANS COME HERE

Canada Gets Them After Negotiating for Them Through Lord Strachan

Ottawa, July 7.—It is understood that the Admiralty has consented to the plan for the cruisers and other craft for the Canadian navy being sent out here, although they will be carefully guarded, as are all such plans of the British navy. Considerable negotiations to that end have been in progress through Lord Strachan, and he is regarded as an important concession.

The department in a few days will issue a preliminary notice to firms desiring to tender, inviting them to get further details here upon which to base any proposals.

The cruiser Rainbow, in command of Captain Stewart Bell, sail for Esquimalt on the 25th of this month, and the Nioche, under Commander McDonald, about the middle of August, according to the latest advice.

The establishment of the naval branch has taken a more definite form by the passing of an order-in-council transferring 35 clerks from the Hydrographic Survey and Fisheries protection branch. Twenty-eight clerks are to be filled by competitive examinations.

ANNUAL SESSION OVER

Halifax, N. S., July 7.—The National Council of Women closed their annual session. Two resolutions were moved by the Hamilton local council.

C.P.R. LAND TAX CASE PUT OVER UNTIL NOVEMBER

S. B. Woods Will Likely Return Home at Once—Absence of Sir Robert Finlay Made Postponement Necessary.

London, July 7.—Sir Elzear Taschereau who is registered here yesterday, will be sworn in as privy councillor and take his seat on the judicial committee, which begins the hearing of Canadian appeals today. The continued absence of Sir Robert Finlay, who is at the Hague, makes it necessary to defer the Canadian Pacific

land tax case until the November sittings.

Attorney General Mitchell was recalled by a Capital reporter if he had received any word from Mr. S. B. Woods, and he replied to the effect that a letter had come but that he did not know yet whether Mr. Woods would come home at once and return to England in November, or whether someone else would take up the work in the fall.

WOULD PAY CITY TO DESTROY THE PEN—if WE EVER GET IT

Ald. Gariepy Thinks Cost Would Be Repaid by Growth of City East

IS NOT "UNBUSINESSLIKE"

City Offered to Pay Government for Any Loss Sustained in Changing the Site

Ald. Gariepy was seen this morning by a Capital representative in regard to the statement made yesterday by Wardear McCauley of the penitentiary respecting the proposed removal of that institution to another site. Ald. Gariepy stated that Warder McCauley's assertion that the city offer to the government was unbusinesslike was somewhat irrelevant in that the city had as yet made no offer.

"We made no offer," said Ald. Gariepy. "We simply asked the government to investigate our proposal and then advise the city under what terms they would remove the penitentiary." When the Mayor and I went to Ottawa we had a map of the city with us and explained to the government the inconvenience that the present location

of the penitentiary caused the city. We showed them the location of a block of land on which we had an option and suggested that the government occupy that land for the penitentiary and give in exchange the present site. We told them that whatever they chose to do in the matter the city would compensate them for any loss.

"When the penitentiary was built, Edmonton had a population of about 6,000 or 7,000 and the site was far from the business centre of the city as St. Albert is today, for all practical purposes. Now the penitentiary is like a veritable Chinese wall and tends to prevent the expansion of the city in that direction. If Edmonton continues to grow at the present rate, it will be 10 times worse in ten years."

"In reference to Mr. McCauley's contention that the penitentiary building could be used for nothing else than for its present purpose, I may say that to destroy it would not be impossible but it would be a catastrophe similar to that at Sherbrooke several years ago, when two hundred people were seriously injured in a gasoline explosion was presented and the loss confined to the benzine still."

Two thousand people called from their beds by the peril searched the surrounding area as he came searched for burning benzine. What likely would have been a catastrophe similar to that at Sherbrooke several years ago, when two hundred people were seriously injured in a gasoline explosion was presented and the loss confined to the benzine still."

Two thousand people called from

their beds by the peril searched the surrounding area as he came searched for burning benzine. What likely would have been a catastrophe similar to that at Sherbrooke several years ago, when two hundred people were seriously injured in a gasoline explosion was presented and the loss confined to the benzine still."

G. T. P. Terminal Getting Considerable Attention From Dominion Government

Leaves Today for Port Arthur With Several Members of House

MEETING ON SATURDAY

Staff of Newspaper Correspondents to Make Trip With the Premier

Ottawa, Ont., July 7.—Attached to the C. P. R. Winnipeg express which left yesterday afternoon was the special car of the Canadian Northern carrying the staff of the newspaper correspondents who are to accompany Sir Wilfrid Laurier on his political tour of the western provinces.

Sir Wilfrid's private car and that of Hon. Geo. Graham, Minister of Railways, will proceed west today so that the newspaper men will have a day ahead in Port Arthur, where the first meeting of the campaign is to be held on Saturday.

Some Ladies Present But They Did Not Do Very Much Buying

Calgary, July 7.—More evidence of the day of the big cattle rancher is slowly appearing in the west and that day is now taking his place among bright forcibly before the public yesterday when 26 quarter sections of land, formerly held by the government as stock watering reserve, were sold by public auction.

In the days of the stock ranching era it was customary for surveyors to notify the government of land which the farmer had for water on it, and the government would then reserve this land and keep it for the benefit of the people generally, thus stopping any man in a place where water was scarce from cornering the water supply of that district.

The influx of farmers, however, has done away largely with the necessity of this as the farmers have so well settled and do not have as large herds as the old-time stockmen had.

All the land up on the market this summer is now entirely surrounded

by farmers, and is of no further use

for the purpose for which it was originally reserved, although it is good land.

In Northern Portion

The land sold was for the most part

in the northern portion of the province and the prices ranged from \$3 to \$125 per acre. This last price was the record and was obtained for the S. E. quarter of section 22, town 25, range 5, west of the fifth meridian. Other prices were \$3, \$4, \$5, \$10, \$15, \$20, \$25, \$30, \$40, \$50, \$60, \$70, \$80, \$90, \$100, \$110, \$120, \$130, \$140, \$150, \$160, \$170, \$180, \$190, \$200, \$210, \$220, \$230, \$240, \$250, \$260, \$270, \$280, \$290, \$300, \$310, \$320, \$330, \$340, \$350, \$360, \$370, \$380, \$390, \$400, \$410, \$420, \$430, \$440, \$450, \$460, \$470, \$480, \$490, \$500, \$510, \$520, \$530, \$540, \$550, \$560, \$570, \$580, \$590, \$600, \$610, \$620, \$630, \$640, \$650, \$660, \$670, \$680, \$690, \$700, \$710, \$720, \$730, \$740, \$750, \$760, \$770, \$780, \$790, \$800, \$810, \$820, \$830, \$840, \$850, \$860, \$870, \$880, \$890, \$900, \$910, \$920, \$930, \$940, \$950, \$960, \$970, \$980, \$990, \$1000, \$1010, \$1020, \$1030, \$1040, \$1050, \$1060, THURSDAY, JULY 7, 1910.

An article in reply to The Capital is reproduced on this page from the Calgary Albertan. It pays no attention whatever to The Capital's main argument. It talks about "Edmonton and its university," but the institution in question is not a local one. It has been established by the province and those who go out of their way to injure it, are not injuring an Edmonton enterprise, but one in which provincial funds have already been invested to a large extent and for the maintenance of which the people of Alberta as a whole have accepted responsibility. As to the matter in which the choice of a location was made, if the Albertans would be a trifle more specific in their charges, there might be some opportunity to answer them. So far as the general public is aware, the cabinet selected the site in the ordinary course of public business and by the ordinary methods. They were responsible to the people for their decision and, judging by the results of the election which followed a year or so later, the people did not disapprove it. If "highway robbery, and open fraud" was committed, why did not the Albertan before the election come on give the public the particulars of the transaction. Instead of doing so, it urged with all the force at its command the return of that administration. So it is rather late in the day to discuss the circumstances under which Strathcona was selected. The fact to consider is that the university is there, that to be efficient it needs all the support that the province can give it without neglecting other interests and that the province should receive some assistance and encouragement as long as it does the work of a public university.

THE SMALL RANCHER'S POSITION

To the Editor:

There has been some effort made through the press to bring before the people of Alberta the serious question of the future beef supply. The articles written and interviews published come from the big ranchers. There should be some consideration shown to the small rancher. It is felt all over Alberta that the small rancher is the one who suffers most from the present laws, that apply to the grazing of cattle on the public lands. The small rancher is to secure his hay. He may have purchased a hay section for five years and apply the following year only to find that some one else had applied the day before and for this year he has got to go without hay, which soon drives him out of the cattle business. A yearly renewal of hay permits is not a safeguard to the rancher. A landlord, if he has selected a good tenant, gives that tenant the preference. Not so with the Department of the Interior. They prefer to change tenants every year. Then if the small rancher wishes to take out a yearly grazing lease on unoccupied land here, the federal government have headed him off the field and passed a law which amounts to this: "Although the province can't tax the Dominion government who are the owners of this land, we will tax the ranchers who venture to lease it to you." We will apply the Local Improvement Tax of \$8 on a quarter section and also the school tax must be made to apply so we can add an additional tax of \$16 a quarter section.

The Regina Standard is still publishing the Edmonton Journal's learned constitutional treatise that did duty in the Vermilion by-election. Who says the pencil-pusher's fame is transferable?

M. A. J. Robertson, ex-M.P.P., writes as follows to the Calgary Albertan, referring to that paper's recent criticism of him, already noted on this page:

"I not only opposed the A. & G. W. bill in the House, but also exposed its iniquitous clauses and principles all over the Nanton constituency in the last general election; although Mr. Boyle, M.P.P., came down from Edmonton and defended the same bill point by point. Allow me to add that the Albertan is guilty of the very crime it falsely accuses me of, for it did not oppose this bill before the general election, but went out of its way to defend the originators of the bill. Allow me to add in conclusion that if I am no good why does the Albertan so persistently train its strongest editorial batteries upon me?"

The course of Mr. Robertson in Nanton was the same as that pursued by Mr. Bennett in Calgary and Mr. Ewing in Edmonton. If the bill is iniquitous now, it was certainly iniquitous then. The time to oppose it, if it was not in the public interest, was at the time of the general election, when the government's railway policy, of which it was an important part, was before the people.

What Others Say

THE UNIVERSITY

(Calgary Albertan)

The Edmonton Capital has decided that Calgary deserves a university for other reason than to injure Edmonton than that part of the country. It is a low-down scheme to injure the North. The people of Calgary are prepared to spend millions of dollars just for the satisfaction of re-

ceiving a hard blow at Edmonton. The Capital need not so unnecessarily alarm itself. The people of Calgary are not worrying about Edmonton or its university, but believes that the time has come for organizing a university in this part of the province, and has taken steps to organize it. As it will do its share in educating the people of the province, it is only reasonable to suppose that it should receive a certain amount of assistance from the province. It is our money, remember, that is going to maintain the Strathcona institution, and we have not complained very much about that, but the Capital believes that it is an outrage if we should suggest that an institution established in Calgary should receive a portion of the money devoted to higher education.

If the authorities of that day had decided on Calgary instead, it is incredible that anybody here would have started such a movement to injure a provincial undertaking as which is now in progress in the "southern city." In this case the Capital enunciates to the world the very superior brand of sanctity of the Edmonton people and refers to the way in which the university was located in Edmonton.

It may come out some time just how much deception and double-dealing was practiced by the late Premier to locate that university in Strathcona. It is possible that even the virtuous and self-righteous Capital would not have assumed the martyr's role with so much equanimity had the institution been practically promised to Edmonton and then stolen by Calgary in a manner which more nearly approached highway robbery and open fraud than anything that has ever been perpetrated in political matters in this province since it came into being. It is very easy to be a martyr of the loftiest kind so long as the other fellow is doing the suffering. However, that is aside from the question. It makes no difference for the time being what dishonorable method was adopted to locate the university at Edmonton in Strathcona. That is another question. But Calgary is about to establish a university. The people of Calgary are putting up \$100,000 to start it. Patriotic citizens are giving 500 acres of land, and, altogether, something like \$100,000 will be raised for the purpose of higher education in this part of the province. Having done all this, having made this sacrifice, or being prepared to make this sacrifice, the promoters of Calgary University think it only just and right that the university should receive some assistance and encouragement as long as it does the work of a public university.

When only one side of a grate bar is continually next to the fire all the wear is concentrated on that one side. The life of the grate bar is thus naturally just one-third as long as when the wear is distributed on three sides.

That explains why Sunshine grates have three lives. Each of the four grate bars has three sides. Each time the ashes are "rocked down" (no shaking with Sunshine) the side next to the fire can be changed. Thus the life of the grates is greatly prolonged.

When desired, the heavy bulldog teeth on the grates will seize hold of clinkers, grind them up, and drop the particles into the ash-pan.

Buy the Sunshine—the durable, convenient, economical furnace, guaranteed by largest furnace makers in British Empire.

NEED OF PURE BRED STOCK

No doubt can be had of the future of Alberta as a great agricultural country when we hear recently of two young lawyers from Detroit going to the Beaver Lake to establish a pure bred stock farm. These young men are of a family of ten boys. Their father, also a lawyer, is with them looking over the proposition, and, if he thinks fit, the whole family will come to Alberta. This province needs men who will bring more than ordinary intelligence to bear on their efforts, and it needs men who will take up the pure bred stock industry. It is safe to say that there is no better opening in Alberta today than the establishment of a first-class stock farm. Even if the effort, were directed to beef and dairy cattle alone, a few years would show such improvement in the beef and dairy standards that a great impetus would undoubtedly be given to the live stock industry. There are those who are doing what they can in this regard, but there is great need for more—Carrie Canadan.

THE IRISH BEAT WHOLESALERS

Won City League Game by 8 to 4
—Play was Fast After First Innings

In a city league baseball game on Tuesday night at Taylor park, the Irish-Canadians defeated the Wholesalers by 8 to 4.

The green shirts got going in the first, hits and overthrows netting the respectable total of five runs. The Wholesalers came back with two.

In the second with Owen, Owen, Conway, of the Irish, engaged out one of Cow's benders for a longish run to the left field bushes.

The Wholesalers furnished the fielding feature with a fast double play. Blayney got under Conway's fly and threw to Hawe, getting Owen for the second out.

After the first innings, both teams settled down and furnished a good article of ball. Cradley and Drayton each issued five passes and were bat-free.

The teams were:

Irish-Canadians (8)—Conway, c., Drayton, p.; Garrison, ss.; M. Reed, f.; McGill, tb.; Bartley, 2b.; J. Reed, 3b.; Woods, lf.; Owen, r.f.

Wholesalers (4)—Cribbs, Ohver, c.; Dawson, Blayney, ss.; Hawe, 3b.; Johnson, Lyons, Morrison, Hart, ist., tb.

ENGLISH CRICKET

London, July 6.—Cricket results yesterday were:

Derby heat: Leicestershire by six wickets; Lancashire heat: Worcestershire by an innings and 129 runs; Yorkshire beat Surrey by five wickets; Oxford beat Cambridge by our innings and 126 runs; Hants beat Gloucester by seven wickets. The Notts and Northampton game was abandoned on account of rain. Kent beat Sussex by an innings and 124 runs.

THE READY ANSWER

One of the eastern star football heroes was in no man's land at Reno on Thursday. He was pushing a certain brand of wine. As soon as he got off the train he went over to Jim M'G's, where the hoboes and train-jumpers hang out. He gathered about twenty of them around him and said:

"Hey, you! I want you to boost my wine. Here's a dollar for each of you. Go out to all the saloons and ask for it, and—"

"And suppose they haven't it?" said one wise wanderer.

"Then tell 'em to make it here," said the drummer, who is full of resources.

Samuels got away with a game yesterday afternoon from Regina.

A GREAT SHIRT SALE.

Mr. Smart Dresser

During the month of July we intend to clean up 25 doz. odds and ends in nice shirts.

Our lines are none other but Canada's best—Tooke's and W. G. & R. We have some 25.00, 20.00, 17.50, and none less than 1.25 lines, TO BE CLEARED AT.....

Look at our table. Come early and get first choice.

THE EXPENSIVE CALGARY TEAM

Moose Jaw Players Claim Huskies Set Back Their Management \$2,400 per Month—Perhaps?

(Free Press)

At a little fanfaring bee the other day at River park among a few of the visiting players, Umpire Wheeler and a few red hot fans, the question of salary paid to the different teams in the league came up for discussion, "What club is paying the most money in the league?" asked one fellow. "Why," answered a Moose Jaw player (chuck, of course), "I understand it costs the management of the Cow Punchers just \$2,400 a month to hold the men who are keeping them at the top of the ladder." How do they manage to pay such a sum? "We're holding money with themes that are running in at \$1,500 a month?" was the query that came from somebody else. "Why that is easy to explain," was the answer. "A team can win consistently such as Calgary, will draw that many more people at home so that it pays for the difference in salary." If such is the case, how can Winnipeg be expected to win. Of course there is the hard luck, etc.

POTTS AND LEPAGE

George LePage will have a chance to try his skill and strength at the Thistle Rink on July 12th, when he undertakes to throw Jimmie Potts off Minnows two falls in an hour. Potts is not a stranger to Edmonton, having boxed here on several occasions.

In 1908 he met Frank Hallot here on the mat in a finish match. The bout lasted nearly two hours and at the end of that time Hallot forfeited to Potts, though nearly 25 lb the heavier man.

Potts always keeps himself in first-class condition and is a clever wrestler. There is no doubt but that he will give the Montreal wrestler a tough argument. LePage knows he has a hard undertaking ahead of him and is training hard for July 12th.

ZINGARI LOST SECOND

London, July 7.—The Canadian Zingari eleven lost to the Royal Artillery at Woolwich by one wicket. The visitors in their first innings made 87, to which Marshall and Beemer contributed 25 runs. The gunners then scored 166, Gibson taking seven of their wickets for 62. In their second innings the Canadians made 223, to which Lownborough contributed 96 and Southam 58. The Royal Artillery then won the match, as their ninth wicket fell before they had completed the 145 necessary. Leamer took three of their wickets for 29.

BEATEN TO THE WIRE BY AN EYELASH: HUSKIES CAME FROM BEHIND AND WON

Immense Crowd Saw Locals Defeated by Score of 4 to 2

Calgary and Edmonton have two evenly matched ball teams and it is just: nip and tuck every game which will be the winner. Last evening it was Calgary's turn and the Eskimos were nipped by 4 to 2. But Carney did not get away with the battle until the hardest kind of a struggle. The Eskimos fought every inch of the way, and the fans did not give up hope until the last man was out.

Big Dell, who is shortly to leave our midst, was the Edmonton star attraction. He started out like a wild-beater and fanned five out of the first six men to face him. His team mates backed him up well, and in the third got together two runs as an ace to work on. As the game progressed Slim showed signs of wildness, and was not helped on by Longanecker.

The visitors pushed one across the pan in the fourth and nose-eggs were both teams pointed until the eighth when the Huskies gathered together. They had pulled off a beautiful third strike on Connor, the game might have been ours. For Carney then proceeded to tear off a two-bagger, which sent in two runs.

In the ninth Dell filled the bases with none out and forced in another run with a pass. Snappy fielding saved any further damage.

Manning pitched nice ball and showed a deceptive assortment of curves.

Both Eskimos and Huskies played errorless ball in the field and the immense crowd of 2,000 or more certainly got their money's worth. It was easily the largest gate of the season, as stand and bleachers were crowded to capacity and there were nearly two hundred behind the ropes.

The Edmonton batting order was completely switched around, so the left-handers would not follow one another against Southam, Manning, Brennan led off, and the change was very much for the better for him as he collected two outs of three times up. Paddock and Connors also hit safely on two occasions.

The fielding features were catches by Mills and Smith and three double plays, two of which were credited to the Eskimos.

Dollar will probably go into the box tonight while Gaddy will be the visitors' hope.

The visitors indulged in a lot of useless kicking, Connor on one occasion coming in front right field to dispute a foul tip which he couldn't have heard if he had been playing first. Kellackey also manages to step into the lime-light at every conceivable opportunity. Wally Smith will have done his creditable work this week as Umpire. Longanecker placed a \$5 fine on him last evening. Wally made a threatening motion and was caught with the goods.

Huskies Fans Blowers

Dell received an ovation when he took the slab and started out by fan-giving heavy bitter Paddock. Carney followed suit. Amid wild applause Dell sent Clynes back to the bench via the fan-out route. No runs.

Brennan called out on strikes, Baxter also fell by the wayside, taking the ozone treatment. Morse fled to Carney. No runs.

Whiffs Two More

Smith started the second by striking out. Kellackey was the first to reach first, getting a pass, Kell stole second. Flanagan struck out and Connors fled to Lassi. No runs.

No Timely Hit

Clynes was patient and drew a walk. Quigley fouled to Flanagan. Lassi steals second and a moment later sails to third. At this critical moment Spencer struck out, offering at three wide ones, and Chesty also fans. No runs.

They Look Dangerous

Standridge draws a charity and is out at second by Manning's grounder to Baxter, who whipped the ball to Morse. Paddock hanged on at Dell which was too swift to hold and Manning reached third. Carney drove a bouner to Brennan and a quick throw got Manning at home by a block. Paddock took a long lead off second and was snatched at third on a close decision. No runs.

THURSDAY, JULY 7, 1910.

An article in reply to The Capital is reproduced on this page from the Calgary Albertan. It pays attention whatever to The Capital's main argument. It talks about "Edmonton and its university," but the institution in question is not a local one. It has been established by the province and those who go out of their way to injure it, are not injuring an Edmonton enterprise, but one in which provincial funds have already been invested to a large extent; and for the maintenance of which the people of Alberta as a whole have accepted responsibility. As to the manner in which the choice of a location was made, if the Albertan would be a trifle more specific in its charges, there might be some opportunity to answer them. So far as the general public is aware, the cabinet selected the site in the ordinary course of public business and by the ordinary methods. They were responsible to the people for their decision and, judging by the results of the election which followed a year or so later, the people did not disapprove it. If "highway robbery and open fraud" was committed, why did not the Albertan before the election come on give the public the particulars of the transaction. Instead of doing so, it urged with all the force at its command the return of that administration. So it is rather late in the day to discredit the cabinet under which Strathearn was selected. The fact to consider is that the university is there, that to be efficient it needs all the support that the province can give it without neglecting other interests and that the presence of another institution within our borders is bound to hurt it. For a government to aid a privately-controlled enterprise, the existence of which injures a similar one in which it has made a large investment, isn't good business. This is recognized in connection with this university problem, everywhere except in Calgary.

The Regina Standard is still publishing the Edmonton Journal's learned constitutional treatises that did duty in the Vermilion bye-election. Who says the pencil-pusher's fame is transitory?

Mr. A. J. Robertson, ex-M.P.P., writes as follows to the Calgary Albertan, referring to that paper's recent criticism of him, already noted on this page:

"I only opposed the A. & G. W. bill in the House, but also exposed its iniquitous clauses and principles all over the Nanton constituency in the last general election; although Mr. Boyle, M.P.P., came down from Edmonton and defended the same bill point by point. Allow me to add that the Albertan is guilty of the very crime it falsely accuses me of, for it did not oppose this bill before the general elections, but went out of its way to defend the originators of the bill. Allow me to add in conclusion that if I am no good why does the Albertan so persistently train its strongest editorial batteries upon me?"

The course of Mr. Robertson in Nanton was the same as that pursued by Mr. Bennett in Calgary and Mr. Ewing in Edmonton. If the bill is iniquitous now, it was certainly iniquitous then. The time to oppose it, if it was not in the public interest, was at the time of the general election, when the government's railway policy, of which it was an important part, was before the people.

What Others Say**THE UNIVERSITY**

(Calgary Albertan.)

The Edmonton Capital has decided that Calgary deserves a university for no other reason than to injure Edmonton and that part of the country. It is a low, mean scheme to injure the North. The people of Calgary are prepared to spend thousands of dollars just for the satisfaction of de-

livering a hard blow at Edmonton. The Capital need not so unnecessarily alarm itself. The people of Calgary are not worrying about Edmonton or its university, but believes that the time has come for organizing a university in this part of the province, and has taken steps to organize it. As it will do its share in educating the people of the province, it is only reasonable to suppose that it should receive a certain amount of assistance from the province. It is our money, remember, that is going to maintain the Strathearn institution, and we have not complained very much about that, but the Capital believes that it is an outrage if we should suggest that an institution established in Calgary should receive a portion of the money devoted to higher education.

"If the authorities of that day had decided to locate Calgary instead, it is incredible that anybody here would have started such a movement to injure the financial independence of which is now under way in the southern city." In this way the Capital announces to the world the very superior brand of sanctity of the Edmonton people and refers to the way in which the university was located in Edmonton.

It may come out some time just how much deception and double-dealing was practiced by the late Premier to locate that university in Strathearn. It is possible that even the virtuous and self-righteous Capital would not have assumed the martyr's role with so much equanimity had the institution been practically promised to Edmonton and then stolen by Calgary in a manner which more nearly approached highway robbery and open fraud than anything that has ever been perpetrated in political matters in this province since it came into being. It is very easy to be a martyr if the lotus kind so long as you can find others to take the flogging. However, that is aside from the question. It makes no difference for the time being what dishonorable methods were adopted to locate the university at Edmonton, or Strathearn. That is another question. But Calgary is anxious to establish a university. The people of Calgary are putting up \$100,000 to start it. Patriotic citizens are giving 500 acres of land, and, altogether, something like \$1,000,000 will be raised for the purpose of higher education in this part of the province. Having done all this, having made this sacrifice, or being prepared to make this sacrifice, the promoters of Calgary University think it only just and right that the university should receive some assistance and encouragement as long as it does the work of a public university.

THE SMALL RANCHER'S POSITION

To the Editor:

There has been some effort made through the press to bring before the people of Alberta the serious question of the future beef supply. The articles written and interviews published concern the big ranches. There should be some recognition shown to the small rancher. It is a fact that in Alberta that the small rancher is the one who suffers most from the present laws, that apply to the grazing of cattle. One of the first aims of the small rancher is to secure hay. He may have permitted a hay section for five years and apply the following year only to find that some one else had applied the day before and for this year he goes to go without hay, which soon drives him out of the cattle business. A yearly renewal of hay permit is not a safeguard to the rancher. A landlord, if he has secured a good tenant, gives that tenant the preference. Not so with the Department of the Interior. They prefer to change tenants every year. Then if the small rancher wishes to take out a yearly grazing lease on unoccupied school lands, the provincial government have headed him off there, and passed a law which amounts to this: Although the province can't tax the Dominion government who are the owners of this land, we will tax the ranchers who venture to lease it to graze his cattle on. We will apply the Local Improvement Tax of \$8 on a quarter section and also the school tax. It is made to apply so we can add an additional tax of \$6 a quarter section.

And P. Burns & Co. are kicking because the government won't give them a twenty-one year lease at 2 cents an acre with the option of buying one tenth part of the lease at one dollar an acre. If the small rancher could raise a howl as large in proportion to injustice done them as P. Burns & Co., the makers of the stock laws would follow Hally's Comet.

SMALL RANCHER.

NEED OF PURE BRED STOCK

No doubt can be had of the future of Alberta as a great agricultural country when we hear recently of two young lawyers from Detroit going to the Beaver State to establish a pure breed farm. These men are a family of ten boys. Their father, also a lawyer, is with them looking over the proposition, and, if he thinks fit, the whole family will come to Alberta. This province needs men who will bring more than ordinary intelligence to bear on their efforts, and it needs men who will take up the pure breed industry. It is safe to say that there is no better opening in Alberta today than the establishment of a first-class stock farm. Even if the effort were directed to beef and dairy cattle alone, a few years would show such an improvement in the beef and dairy standards that a great impetus would undoubtedly be given to the live stock industry. There are those who are doing what they can in this regard, but there is great need for more—Carmrose Canadian.

Each grate bar has
three sides-long wear

When only one side of a grate bar is continually exposed to the fire all the wear is concentrated on that one side. The life of the grate bar is thus naturally just one-third as long as when the wear is distributed on three sides.

That explains why Sunshine grates have three lives. Each of the four grate bars has three sides. Each time the ashes are "rocked down" (no shaking with Sunshine) the side next to the fire can be changed. Thus the life of the grates is greatly prolonged.

When desired, the heavy bull dog teeth on the grates will seize hold of clinkers, grind them up, and drop the particles into the ash-pan.

THE IRISH BEAT WHOLESALEERS

Won City League Game by 8 to 4
—Play was Fast After First Innings

In a city league baseball game on Tuesday night at Taylor park, the Irish-Canadians defeated the Wholesaleers by 8 to 4.

The green shirts got going in the first, hits and overthrows netting the respectable total of five runs. The Wholesaleers came back with two.

In the second with one man down, Conway, of the Irish, straightened out one of Crabbe's benders for a home run to the left field bushes.

The Wholesaleers finished the fielding four times with a first double play, Blayney out under Conway's fly and three to Hawe, getting Owen for the second out.

After the first innings, both teams settled down and furnished a good article of ball. Crabbe and Drayton each issued five passes and were both freed.

The teams were:

Irish-Canadians (8)—Conway, c.; Drayton, p.; Garrison, ss; M. Reed, cf.; McGill, lf.; Bartley, 2b.; J. Reed, gb.; Woods, lf.; Owen, r.f.

Wholesaleers (4)—Crabbe, p.; Oliver, c.; Davison, Blayney, s.s.; Hawe, lb.; Johnson, Lyons, Morrison, Hart, isty, 1b.

ENGLISH CRICKET

London, July 6.—Cricket results yesterday were:

Derby heat: Leicester by six wickets; Lancashire heat: Worcestershire by an innings and 129 runs; Yorkshire heat: Surrey by five wickets; Oxford beat Cambridge by one innings and 126 runs; Hunts heat: Gloucester by seven wickets. The Notts and Northampton game was abandoned on account of rain; Kent heat: Sussex by an innings and 142 runs.

THE READY ANSWER

One of the eastern star football half-backs was a "new arrival" in Reno on Thursday. He was pushing a certain brand of wine. As soon as he got off the train he went over to Jim M. Reed's where John and Crabbe were hanging out. He gathered about twenty of them around him and said:

"Hey, yous, I want you to boost my wine. Here's a dollar for each of you. Go out to all the saloons and ask for it, and..."

"And suppose they haven't it?" said one wise-wanderer.

"Then tell 'em to make it beer," said the drummer, who is full of resources.

Samuels got away with a game yesterday afternoon from Regina.

THE EXPENSIVE CALGARY TEAM

Moose Jaw Players Claim Huskies Set Back Their Management \$2,400 per Month—Perhaps?

(Free Press)

At a little gathering here the other day at River park among a group of the visiting players, Umpire Wheeler and a few red hot fans, the question of salary paid to the different teams in the league came up for discussion. "What club is paying the most money in the league?" asked one fellow. "Why," answered a Moose Jaw player ("Calgary, of course). "I understand it costs the management of the Cow Punchers just \$2,400 a month to hold the men who are keeping them at the top of the ladder." "How do they manage to pay the expenses, if the other clubs are losing money with theirns that are being run on \$1,500 a month?" "Well, that's what I can't understand," was the answer. "A team that can win consistently such as Calgary will draw many more people at home so that it pays for the difference in salary." If such is the case, how can Winnipeg be expected to win. Of course there is the hard luck, etc.

POTT'S AND LEPAGE

George LePage will have a chance to try his skill and strength at the Thistle Rink on July 12th when he undertakes to throw Jimmie Potts of Minneapolis, two falls in an hour.

Potts is not a stranger to Edmonton, having boxed here on several occasions.

In 1908 he met Frank Hallot here on the mat in a finish match. The bout lasted nearly two hours and at the end of that time Hallot forfeited to Potts, though nearly 25 lb. the heavier man.

Potts always keeps himself in first-class condition and is a clever wrestler. There is no doubt but that he will give the Montreal wrestler a tough argument. LePage knows he has a better understanding ahead of him and is training hard for July 12th.

ZINGARI LOST SECOND

London, July 7.—The Canadian Zingari eleven lost to the Royal Artillery at Woolwich by one wicket. The visitors in their first innings made 87, to which Marshall and Beemer each contributed 25 runs. The gunners then scored 166, Gibson taking seven of their wickets for 62. In their second innings the Canadians made 223, to which Lownborough contributed 96 and Southam 58. The Royal Artillery but barely won the match, as their ninth wicket fell before they had compiled the 145 necessary. Beemer took three of their wickets for 29.

A GREAT SHIRT SALE.

Mr. Smart Dresser:

During the month of July we intend to clean up 25 doz. odds and ends in nice shirts.

Our lines are none other but Canada's best—Tooke's and W.G. & R. We have some 2.50, 2.00, 1.75, and none less than 1.25 lines, TO BE CLEARED AT.....

Look at our table. Come early and get first choice.

"The Boston"
HART BROS.

BEATEN TO THE WIRE BY AN EYELASH: HUSKIES CAME FROM BEHIND AND WON

Immense Crowd Saw Locals Defeated by Score of 4 to 2

Calgary and Edmonton have two evenly matched ball teams and it is just nip and tuck every game which will be the winner. Last evening it was Calgary's turn and the Eskimos were nipped by 4 to 2. But Spencer did not get away with the battle without the hardest kind of a struggle, of course, of course.

"What's that to eat?" asked one fellow. "Why," answered a Moose Jaw player ("Calgary, of course). "I understand it costs the management of the Cow Punchers just \$2,400 a month to hold the men who are keeping them at the top of the ladder."

"How do they manage to pay the expenses, if the other clubs are losing money with theirns that are being run on \$1,500 a month?" "Well, that's what I can't understand," was the answer. "A team that can win consistently such as Calgary will draw many more people at home so that it pays for the difference in salary."

If such is the case, how can Winnipeg be expected to win. Of course there is the hard luck, etc.

A BEAUTIFUL INNINGS

Mills heat: out at home along third base. Dell hunted to Smith and Mills was tagged at second base. Brennan knocked out a two-bagger to deep right centre, but Dretschko, who was coaching, held the big pitcher at third. This was made up for when Baxter shot one to Connors and Dell right in under Catcher Flanagan. A beauty play. Baxter takes visitors' score when he comes to the plate and shows the visitors up, Flanagan refusing to take a chance. Morse knocks out a single and scores, Brennan but Baxter is caught cold when the coacher sends him home also. Lussi ends with a long fly to Standridge and the game was over.

Rather disappointing box score follows:

Edmonton AB. R.H. PO A.E.

Brennan, 3b. 3 1 2 2 1 0

Baxter, ib. 3 0 1 5 2 0

Totals 27 4 27 13 0

Score by innings:

Edmonton 002 000 000

Calgary 000 002 000

Calgary—Two-baggers, Brennan, Spencer; Standridge, Cox, Connors, Manning, Dell, Kellackey, Flanagan, Carney, Paddock, Cox, Quigley, Flanagan; sacrifice hits, Baxter, Clynes, Smith; time of game 2:10; umpire, Longaucker; errors 2, Stu's Two-Bagger.

Quigley hits one to Clynes and Such comes through with a hit to right which daring running and splendid sliding turns into a double. Cox pops a week one to Manning; Stu takes third on a wild pitch, but Smith retires Mills by a nice running catch, No runs.

Dell Dallies With 'Em

Chuck Connors held down to tenth, third and beat the throw. Standridge sacrifices the runner along and Manning fans. Paddock out, Quigley to Baxter, No runs.

Kellackey's First Chance

Dell, after fouling out in 15, delivered a safe hit to right and on a waste ball was caught off first, Connors covering the bag. Brennan proves a good watter and got a pass as a tip. Morse bunts to Smith and is thrown out at first, a quick return to third gets Brennan on third, No runs.

Mills' Fifth Catch

Robe Mills goes right to the fence and grabs Carney's foul fly. A classy catch, Clynes out, Dell to Baxter, Manning out, and the show is on.

The fielding features were catches by Mills and Smith and three double plays, two of which were streaked to the Eskimos.

Dell will probably go into the box tonight while Gaddy will be the visitors' hope.

The visitors indulged in a lot of useless kicking, Carney on one occasion coming in from right field to dispute a foul tip which he couldn't hear if he had been playing first. Kellackey also manages to step into the lightning at every conceivable opportunity. Wally Smith will have to cut down his cigarettes this week as Umpire Longaucker placed a \$5 fine him last evening. Wally made a threatening motion and was caught with the girl.

Dell Fans Sluggers

Dell received an ovation when he took the silk and started out by hitting home right. Paddock, Carney followed suit. Andi will complete Dell's set Clynes back to the henchman's far-out route, No runs.

Brennan called out on the way, taking the ozone treatment, Moore lied to Carney, No runs.

Whiffs Two More

Smith started the second by striking out. Kellackey was the first to reach first, getting a pass. Kell stole second; Flanagan struck out and Connors fled to Lussi, No runs.

No Timely Hit

Lussi was patient and drew a walk. Quigley fouled to Flanagan; Lussi seconds and a moment later sails to third. At this critical moment Spencer struck out, arriving at three with ones and Clynes also fans. No runs.

They Look Dangerous

Standridge drew a charity and is forced to second by Manning's grounder to Baxter, who stepped on the bag. Paddock homered out at first which was too soft to hold and Manning reached third. Carney drove a bunt to Brennan, and a quick throw got Manning at home.

By a block, Paddock took a long lead off second and was snatched at third on a close decision. No runs.

It had enough to get beaten but when Carney is the main guy in the tortue it is rather rubbing it in.

It has improved a whole lot since its last appearance in Edmonton.

The relatives of a Detroit man had him placed in the dippy-hut the other day because he hit his house and lot that the Browns would cop the pennant.

Could the hall club detach a few dollars from their mammouth roll and fix the large holes in the netting? Life insurance is too expensive for newspapermen.

The Edmonton ladies are enthusiastic fans. There must have been nearly 800 of the fair sex at last night's game. Eddie Geahan on the gate, was quite dazled by the beauteous array that passed in.

JEFF BEATEN BEFORE FIGHT

Says he was in a Daze From Start of Contest—Johnson has Rough Reception at Ogden

catch. The Eskimos extricated themselves from a tough corner with great one run.

Pete Morse starts the night by drawing a pass. Lussi flies to Standridge, Manning knocked down Quigley's grounder and Sherrill threw out second-sacker out. Spencer fled to Standridge and the game was over.

Rather disappointing box score follows:

AFTER MINTO CUP

Montreal, July 7.—The Montreal lacrosse team got a great send-off last night when they left for the Pacific Coast to try and take the Minto Cup from New Westminster. Many supporters gathered on the platform, and led by Joe White, cheered each member of the team and the executive as they appeared. Frank C. Hogan, who is sufficiently recovered to make the trip, was greeted with roars of applause.

"Bring back the cup boys," cried everyone as the train pulled out and President Billy Finlay from the rear platform assured them that they would see it in Montreal in a few weeks time. The players to make the trip are: Tierney, Roddy Finlayson, Goto, Finlayson, Clarry, McKerrow, Andy Hamilton, Joe Kane, Alf Kane, Fred Scott, Jerry, Keen, Henry Scott, Alberta; Dade, Geo. Roberts, Frank Hogan, Aspell, Milroy, Tayden and Ericie Hamilton. John Davidson, William Finlay, Coach "Bob" Taylor, Chauvin Elliott and Paul LeFevre accompanied the team.

RESULTS AT HENLEY

Henley, July 7.—In the fourth heat for the Stewart Cup, rowed today, the Winnipeg boat beat the Thames Rowing Club by a boat length after a hard race. The Winnipeg crew will now row in the final tomorrow.

The heat started at three o'clock in showery and windy weather and a strong stream running. The Winnipeg four led all the way and won a splendid victory in 7:48. Thames were considered the best crew on the river. Winnipeg tomorrow will meet one of the foreign crews in the final.

Con Riley, captain of the Winnipeg crews, says the crew's chances are good, but he will say nothing more till after the final. The row today was hard on the crew, but he is hopeful. Mayor Sanford Evans of Winnipeg, and Justice Howell were the first to congratulate the crew, along with Captain Allen, father of one of the stragglers.

In heat six of the Diamond Sculls, Rudolph Lucas, of Germany, beat Edge, of London, Time, 9:14. In heat seven W. Kinneir of Kensington, beat Dewar of London by two lengths in 8:46.

ST. GEORGE'S BEAT CALLIES

There is a tie in the city football league, A division, at present, and the reason is that St. George's defeated Callies last evening by 1 to 0. There was an immense crowd throughout the Second street grounds and it is estimated 2,000 people saw the struggle.

Official Figures

Reno, Nev., July 6.—Tex Rickard last night gave out the official statement of the receipts to be \$200,775. Those who paid admission numbered 15,760. There were 760 complimentary tickets given out. He estimated that the number of persons who paid admission in the 1500. The attendance all told is given as 18,000. The purse and the amount amounted to \$10,000, the bonus of \$10,000, and Rickard paid off the \$10,000. He paid his picture interest for \$60,666, making his total \$17,000. owners of the picture albums are calculating on a million dollars profit.

Fights Defeat Keenly

James J. Jeffries who before champion Jack Johnson, left before his defeat last night for his alfalfa ranch in Southern California. There, in the quiet of his fields, surrounded by the girls he loves, he will try to forget. In his out-door rambling he will be able to forget the sombre eyes, in the nervous rubbing of his face and blackened eyes and in the almost timid shrinking from the public. Jeffries shows that his defeat has dealt him a terrible blow.

There was silence as he passed through the streets. Men rushed from gambling tables to gaze but no word of taunt was thrown at him.

As the Jeffries train started west, somewhere in the desert, to the east a band of negroes was journeying to Chicago, with Jack Johnson, the banner of championship flowing from the car.

NOT ENOUGH TRAINS

Special trains all through last night and today were trying to get 16,000 visitors back home. Thousands stood

for hours, grips in hand, waiting to clamber into the first available train.

Thousands gave it up altogether and decided to wait for lighter traffic.

The largest individual loss on record in the pool room was that of Clarence Berry, a California oil man. He bet \$35,000 on Jeffries. Among the others on the left, there is not a dissenting opinion as to the justice of the fight decision. No one says that Jeffries had a chance with the negro.

The baseball knowledge of some persons is wonderful. A spectator at a game the other day made this wise selection: "If pitched ball hits the batter's bat and then hits the catcher's bat, it's out." It had made a crack like that in the batters who had been mobbed.

OSCAR ROBBINS, Drawer 32, EDMONTON

EDMONTON MAN HAD CLOSE CALL

Thomas Kelly and Companion Upset Canoe in Lake Athabasca

A letter from Fort Resolution under date of June 12th, says:

Thomas Kelly of Edmonton, engaged freighting by Neale & Co., traders of Resolution, arrived on the other side of Athabasca Lake, about 12 miles from Chipewyan, with ten geese on Saturday, June 4th, and wishing to spend Sunday at Fort Chipewyan and at the same time obtain the services of Colin Fraser on the Kewatin, Kelly and another man named Balecome got aboard a canoe and were soon set in the water by the upsetting of the craft. Kelly lost his grip with his money in it; his shorts and some letters for people in the settlement. Kelly and his unfortunate partner made for shore, finally realizing that sorrow can be had on the lake as well as on the sea; and having proved canoeing dangerous to themselves they sent another fellow to say that they were waiting and the sevens ready.

Particulars have come to hand pointing out that Tom Kelly had a very near call and that he said to his companion, "I am just about done as well as ever now as another time." Balecome, of Smith Landing, however, thought otherwise, and being a tall, powerful man, dragged Kelly to shore.

OFF TO SEASIDE

Sir Charles and Lady Tupper Take Holiday

London, July 7.—Sir Charles and Lady Tupper have gone to the seaside on the south coast for a visit. Sir Charles has received many messages of congratulations on his birthday on July and including a cordial epistle from his old staff at the High Commissioner's office.

MCKINNON WILL SUE FOR DAMAGES

If City Does Not Settle for "Wrongful Dismissal"

SAYS HE OBEYED BYLAW

Meeting of Board of Commissioners Was Held Yesterday Afternoon

J. D. McKinnon, the recently appointed building inspector through his solicitors, McKinnon and Cogswell, at yesterday afternoon's meeting of the City Commissioners, demanded a satisfaction within six days for his removal from office on the grounds of insubordination, when he alleges he disobeyed instructions from the city commissioners, when those instructions were in contravention of the building bylaw.

The city is threatened with another lawsuit. Emery, Newell & Bolton, who are still in the case, intend issuing writs on behalf of W. Seigle, who was injured by being thrown from a bicycle on Jasper avenue on May 1. Brown and Raridon; Matheson and Myers.

his finances wrecked, Fleim, the pitcher who caused such a sensation in the first innning of the game against York, is about to institute a suit against the Minor Reporter, in the sum of \$2500, an amount which he believes will cover the damages.

The Reporter, in writing up the game, recently claimed that Fleim

was hit nine times by the York team

and that he was not only "knocked

out of the box, but taken out."

Mr. Fleim claims that these are not facts

but that he struck out two men and

the other went out on an easy pop-

up.

"I feel hurt and aggravated over the attitude of the Reporter," said Mr.

Fleim today. "I am an athlete of

well known prowess and am almost

too fast for this team. I have play-

ed in the largest cities of the Uni-

ited States, and to be criticized by

a paper the style of the Reporter is

somewhat humiliating." "I am going

through with my suit as far as I

know."

About Town

The regular meeting of the Municipal Improvement League will be held in Mitchell and Reed's hall, Jasper avenue east, tomorrow at 8 p.m.

The death took place yesterday of the infant daughter of Mr. and Mrs. Cook, of Fraser Avenue. The funeral will be held on Saturday to the Edmonton Cemetery.

The Irish Canadians and the Whalers play a city league baseball game this evening at Taylor Park. Game called off at 8 p.m. All Irishmen please turn out.

Miss Myrtle Masters and Mr. William Abner McAlpin were married yesterday at 11 o'clock in the morning at the First Baptist Church parsonage, the Rev. F. W. Patterson officiating. The bridegroom was Miss Anna Smith, the step-daughter of Mr. Harry Masters, citizen of Edmonton, who lost his son, Mr. and Mrs. McAlpin will reside on Fourth street after their return from the honeymoon.

The report of the evidence of J. M. Thom before the judicial commission given in yesterday's Capital was incomplete, the bridegroom said. Mr. Thom stated that he had received the copy of Mr. Cushing's Bankruptcy speech from Mr. Trowbridge, but he also in reply to question of Mr. Nolan, said that Mr. Trowbridge had given it to him immediately after it was delivered, as they were in the habit of exchanging such matters for filing purposes. It was nearly a year ago that Mr. Cross used the report of this Bankruptcy address in his first speech in the A. & G. W. debate in the legislature.

The Presbytery of Edmonton will meet tomorrow in First Presbyterian church at 10 a.m. Rev. J. E. Duclou, B.A., Moderator, will preside. There will be a large amount of business for consideration. The ordination of Mr. Dowling as assistant to Dr. MacQueen will take place at 11 a.m. At the same time a service will open in Robertson church at 8 p.m. Rev. R. G. Stewart will be inducted into the pastorate of that congregation. Strangers are cordially invited. Refreshments will be served by the ladies of the congregation at the close of the induction service. Rev. Dr. Fraser, of McGill University will take part in the induction.

Jack! How is it that Mrs. Brown can get a quiet horse and driver here? Well, you can't get one for me. Well, my dear, as my character has been maliciously assailed I demand of Mr. Gallois immedi-

FRANC-CANADIANS AGAIN

Mr. Editor:

Since—Sister of the report of my address on Parliament Sunday has given rise to some discussion kindred allusion made in your paper for a reply to some of the unkind comments made by my critics through the press.

In the first place, the short account given was no report of my address. I dwelt chiefly on the various people to whom it was given.

I merely made a reference to French Canadians, and the dual language, which was misinterpreted by Mr. Trowbridge, but he also in reply to question of Mr. Nolan, said that Mr. Trowbridge had given it to him immediately after it was delivered, as they were in the habit of exchanging such matters for filing purposes.

It was nearly a year ago that Mr. Cross used the report of this Bankruptcy address in his first speech in the A. & G. W. debate in the legislature.

The letter written by Mr. J. A. Gallois in the Courier, and which appeared in two of our English papers, indulges chiefly in personal invectives, which not merely show disreputable and unmanly conduct, but ignorance and weakness of argument. Let me add further that to some extent at least Mr. Gallois did not believe that the great issue Mr. Gallois raised before touching upon it was a assimilate this great heterogeneity, whole, and that the only way of doing so effectively, was by one national language and an open Bible.

But the vital points in Mr. Gallois' letter is one of libel. His personal attacks on me are libelous, and do not affect my personal character, but the dignity of the Presbyterian Church in Edmonton and of the whole Presbytery of which I am Moderator.

The Freed's problem is an important question which I am prepared to discuss with any man who would listen to me. Well, my dear, as my character has been maliciously assailed I demand of Mr. Gallois immedi-

CROPS ARE GOOD WHERE CARED FOR

But Generally Will Be Poorest
Calgary District Has Had
for Years

Mr. John S. Fraser, the immigration officer at Strathcona, who has just returned from a trip to Calgary, reports that the crops are in very bad shape. Everywhere it is dry and dusty with no natural moisture in the ground. In places there are local spots where the crop will be excellent, these being crops that have been carefully looked after, but the general conditions point to the poorest crop that has been seen in the Calgary district for years.

Mr. John S. Fraser, the immigration officer at Strathcona, who has just returned from a trip to Calgary,

About Town

The regular meeting of the Municipal Improvement League will be held in Mitchell and Reed's hall, Jasper avenue east, tomorrow at 8 p.m.

The death took place yesterday of the infant daughter of Mr. and Mrs. Cook, 97 Prince Avenue. The funeral will be held on Saturday to the Edmonton Cemetery.

The Irish Canadians and the Whalers play a city league baseball game this evening at Taylor Park. Game called off. All Irishmen please turn out.

Miss Myrtle Masters and Mr. William Abner McAlpin were married yesterday at 11 o'clock in the morning at the First Baptist Church parsonage, the Rev. W. M. Peters officiating. The bridegroom, Miss Annie Smith of this city, and Mr. Masters also of Edmonton, was best man. Mr. and Mrs. McAlpin will reside on Fourth street after their return from the honeymoon.

The report of the evidence of J. M. Thomas before the judicial commission, given in yesterday's Capital, was incomplete, Dr. T. G. McPherson, Mr. Thom stated that he had received the speech of Mr. Cushing's Bankview speech from Mr. Trowbridge, but he also in reply to question of Mr. Nolan said that Mr. Trowbridge had given it to him immediately after it was delivered, as they were in the habit of exchanging such matters for filing purposes. It was nearly a year after this before Mr. Cross used the report of this Bankview address in his first speech in the A. & G. W. debate in the legislature.

The Presbytery of Edmonton will meet tomorrow in First Presbyterian church at 10 a.m. Rev. J. E. Duglo, D.D., Moderator, will preside. There will be a large amount of business for consideration. The ordination of Mr. Dowling as assistant to Dr. MacQueen will take place at 11 a.m. At the evening sederunt, which will open in Robertson church at 8 p.m., Rev. R. G. Scott, D.D., will preside. The pastorate of that congregation, St. Paul's, is cordially invited. Refreshments will be served by the ladies of the congregation at the close of the induction service. Rev. Dr. Fraser, of McGill University will take part in the induction.

Jack! How is it that Mrs. Brown can get a quiet horse and drive her lady friends and you cannot get one safe for me. Well, my dear, Brown dollars just for the administration of your lawyer, and you'll

FRENCH-CANADIANS AGAIN

Mr. Editor:

—Since the report of my address on Parliament Sunday has given rise to much discussion, kindly allow me space in your paper for a reply to some of the unjust comments made by my critics through the press.

In the first place, the short account given no report of my address, I dwelt chiefly on the various peoples coming to Canada and our duty to them.

I merely made a reference to French Canadians, and the ideal language, which was misinterpreted by the reporter. I was still more surprised at the interpretation given my remarks. The next day I addressed the editor, and I expected something more creditable from the editor.

I have no antipathy to our French citizens. In fact, I esteem and love them, and to say that I made an attack on them is false.

The letter written by Mr. J. A. Gallois in the Courier, and which ap-

peared in two of our English papers,

indulges chiefly in personal invectives,

but not merely shows disloyalty and unmanliness, but ignorance and weakness of argument. Let me al-

lude first to some false statements in Mr. Gallois' letter, before touching the vital issue. Mr. Gallois said that my audience was composed of men of all creeds.

That was more than half-true. There were more adults than children, and the children were not from the different denominations, as was stated, but from Erskine church only.

And the inference that I was inculcating erroneous teachings in the minds of the youth, was radically wrong. I taught them to treat foreigners and the colored people in a kind Christian manner, and I closed, not as reported, but by saying that our great duty was to assimilate this great heterogeneous whole, and that the only way of doing so effectually, was by one national language and an open mind.

But the vital points in Mr. Gallois' letter is one of libel. His personal attacks on me are libelous, and do not merely affect my personal character, but the dignity of the Presbyterian Church in Edmonton and of the whole Presbytery of which I am Moderator.

The French problem is an important question which I am prepared to discuss but not with a man who would stoop to personal abuse, and as my character has been maliciously assailed by Mr. Gallois imme-
